

# Switchgrass

A photograph of a man standing in a field of tall, golden switchgrass. The man is wearing a blue jacket and glasses, and is looking towards the camera. The field is dense with grass, and the background shows a line of trees under a cloudy sky.

A seasoned grower's perspective

# What have we learned in 8 years of production?

1. Improved establishment techniques
2. How to get natural drying
3. Proper levels of fertilization
4. High density baling
5. Market development
6. How to rejuvenate an old stand

# Improved establishment techniques

# Improved establishment techniques

Improved establishment techniques

# Improved establishment techniques

The third year result

# How to get natural drying

# Proper levels of fertilization

# High density baling

# Looking at new Ag markets

- Fuel pellets
- Bedding (including organic farmers)
- Dry cow feed
- Mushroom compost

# Introduction to Bio-Composites

- Bio-Composite bins and flowerpots
- Fibreboards

About to experience.....  
How to rejuvenate an old stand
